# HOW TO PREPARE YOUR HOME

For Construction Projects

TheGridironGuys.com

# UNDERSTAND THE SCOPE OF YOUR PROJECT

Before any work begins, it's essential to have a clear understanding of what your project includes—and just as importantly, what it doesn't. Reviewing the scope helps avoid surprises, ensures your expectations align with what's being delivered, and allows our team to hit the ground running. From timelines to materials to potential disruptions, taking a few minutes to walk through the details can make a big difference in how smoothly your project goes.

- ✓ Review your proposal and contract details
- ✓ Ask for clarification on anything unclear
- ✓ Confirm timeline and key milestones

# PLAN FOR DISRUPTIONS

---

Construction brings noise, dust, and limited access to some areas of your home. If you have kids, pets, or work from home, consider temporary adjustments to keep everyone safe and comfortable during the process.

**CONSIDER NOISE AND WORK  
HOURS (TYPICALLY 8AM-5PM)**

**ARRANGE TEMPORARY  
RELOCATION IF NEEDED  
(ROOFING, KITCHEN REMODELS,  
ETC.)**

**KEEP PETS AND CHILDREN AWAY  
FROM WORK ZONES**

**GRIDIRON GUYS**  
**CONSTRUCTION**  
EXPERIENCED, EDUCATED, ETHICAL

✓ Remove valuables and décor  
Clear floors and entry paths  
Cover nearby furniture or electronics

---

## **CLEAR THE WORK AREA PREPARE YOUR SPACE FOR A SMOOTH START**

---

Before we begin, take a few minutes to clear furniture and valuables from the work zone. Removing items from walls, shelves, and floors ensures a safer and more efficient workspace for everyone. If needed, we'll guide you on what to move and what can stay protected in place.

# UTILITIES & SAFETY

---

To help the project run smoothly and safely, please ensure we have clear access to utility areas like electrical panels, outlets, and water shut-offs. Let us know about any special equipment or concerns ahead of time so we can plan accordingly and maintain a safe job site.

**MAKE SURE OUTLETS AND WATER SHUT-OFFS ARE ACCESSIBLE**

**NOTIFY US OF ANY SPECIAL UTILITY NEEDS (E.G., MEDICAL EQUIPMENT)**

**CHECK SMOKE AND CARBON MONOXIDE DETECTORS ARE FUNCTIONAL**

## COMMUNICATE WITH CONFIDENCE

---

- ✓ Save your project manager's contact info
- ✓ Keep a notebook or app for questions/notes
- ✓ Let us know if anything changes on your end

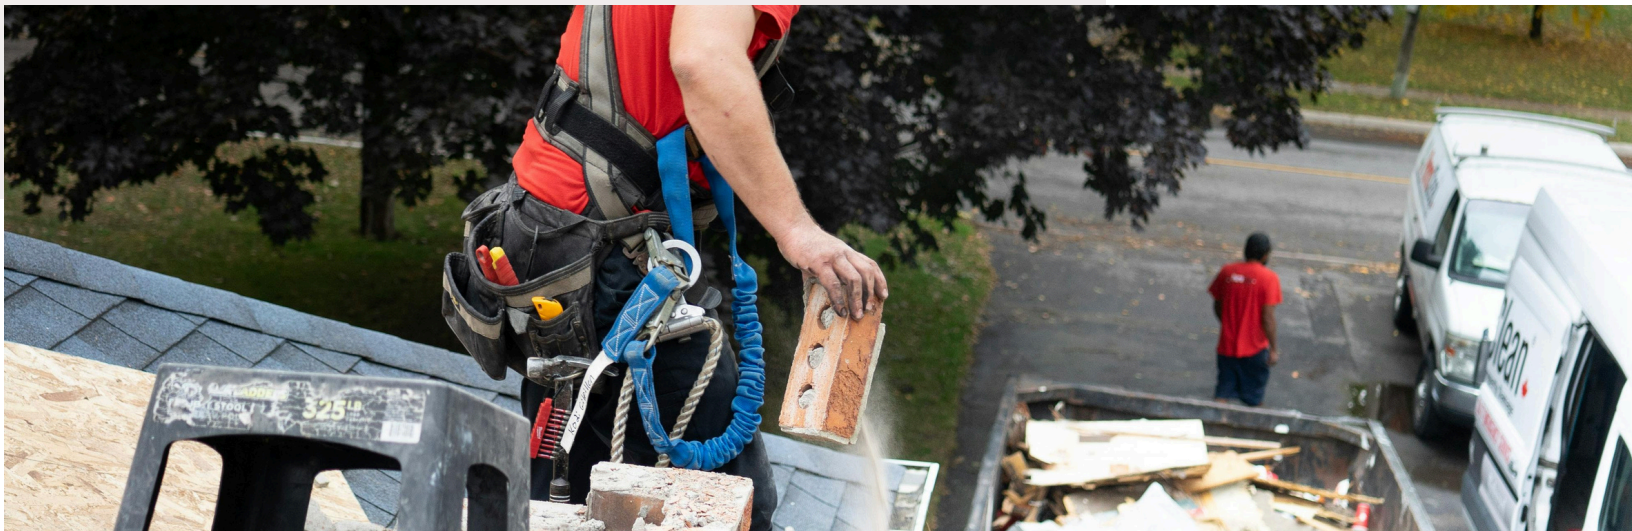

**GRIDIRON GUYS**  
**CONSTRUCTION**

# PREP FOR CLEANUP & WRAP-UP

---

- ✓ Designate an area for materials or debris
- ✓ Know that daily cleanup is part of our service
- ✓ Ask about final walkthrough and punch-list process

# ADDITIONAL QUESTIONS TO ASK YOUR CONTRACTOR

- What happens if there's bad weather?
- Who is my main point of contact?
- Can I make small changes during the project?
- What happens if a delay occurs?
